INDIVIDUAL PROJECTS

- **(1) Tic Toa Toe Game - (HTML, CSS & JavaScript)**

It is a two players game, And for those players, they will be able to assign names by opening an overlay with an input field for the name. Players can cancel that and close the overlay without saving the name or do save the name. There are some validation where we show some error styles and some error message,

Live Demo- https://warm-bonbon-92d99c.netlify.app/
GitHub- https://github.com/SRakiB23/Tic-Tac-Toe-Game
